Business Owner

Found and exploited a niche market to create the most well-known, and most visited, unique collectible mask restoration business on the internet.

- Utilize knowledge gained in the motion picture makeup and special effects field to restore collectible masks and film appliances.
- Invented EZ Flesh. A new heat-melt plastic for lifelike figure construction.
- Delivers speaking engagements to individuals, groups, and classes interested in learning about makeup and special effects.

The Mask Doctor- Phoenix- Az.

Makeup and Special Effects Artist for Motion Pictures

As both shop foreman, and as part of a team, designed, created, and applied makeups, for many motion picture companies.

- Designed specific makeups for films, from paper design to sculpture, to finish application
- Demonstrated personnel management skills in hiring a team to complete a project.
- Performed on-set application, and day-checking.
- Ordered materials for shop, and kept logs and reports of material uses.
